Commissioner for Patents

1. The reply filed on March 10, 2005 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): the reply is not compliant with the revised amendment practice effective July 30, 2003 for the reasons set forth below. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
2. The revised amendment practice effective July 30, 2003 requires that amendments to the specification or abstract, must be made by presenting a replacement paragraph, or section or abstract marked up to show changes made relative to the immediate prior version. Applicant failed to do so with regard to the amendments to page 1, line 11; page 62, line 1; page 63, line 1; page 65, line 22; page 66, line 3 and the abstract. For one example, applicant in amending the patent number on page 1, line 11 should have presented a replacement paragraph for the paragraph beginning in line 7 of page 1 and ending in line 12 of page 1. This paragraph should have used strikethroughs for deleted subject matter and underlining for added subject matter.
3. Additionally the new paragraph directed to be inserted on page 51, line 24 appears to require insertion at a different page and line number.
